

2008 USDA-CSREES National Water Conference  
Sparks, NV

### **Water Resource Programs in the Pacific Northwest (Region 10)**

Robert Mahler, Mike Gamroth, Michael Cochrane, Michael Barber, Fred Sorensen, Robert Simmons, and  
Jan Seago

#### **Abstract Text:**

This poster highlights regional accomplishments in 2007. Major accomplishments that are reported in this poster presentation include: (1) completion of our 2007 regional water issues assessment survey, (2) regional watershed education satellite conference, (3) regional research and extension conference on moving science into policy, (4) the development and delivery of 24 issues of our regional newsletter – PNW WATER UPDATE, and (5) the development of regional publications assessing our program outputs and outcomes.

#### **Impact Statement:**

The majority of citizens in the Pacific Northwest have taken individual actions in the last five years to address both water quality and water quantity issues at the local level.
